I combine research, strategy, design, and AI-enabled development to move ideas from ambiguity to adoption. My work spans enterprise SaaS products used by 35,000+ customers, founder-led AI startups, and strategic initiatives that influenced multimillion-dollar services.

Experience

- Tashvi – Co-Founder & Design Lead

Mar 2025 – May 2026

Launched an AI-powered jewelry design platform reducing traditional design and production costs by 90% through generative AI workflows and automated production pipelines, reaching 11,000+ users within 12 weeks. Designed, prototyped, and developed the end-to-end product using Figma, Cursor, Claude Code, and React.
- Craft – Contract UX Researcher

Jul 2025 – Dec 2025

Influenced a 2-year roadmap for a \$1B mobility platform by synthesizing 25+ customer interviews and leading workshops with 28 stakeholders, contributing to acquisition of 10 new enterprise customers across North America and Europe.
- ZoomInfo – UX/UI Designer II to III

May 2022 – Apr 2024

Reduced search time by 27% across 35,000+ enterprise customers by redesigning ZoomInfo's core search architecture and AI-powered discovery experience. Increased day-zero customer satisfaction by 47% by unifying onboarding and setup workflows across 12 products, reducing friction in enterprise account activation.
- Johnson & Johnson – Contract UX Designer

Jun 2021 – Feb 2022

Designed J&J's global ESG reporting platform for 2022, achieving 90% navigation preference in usability testing. Expanded the design system with 30+ reusable WCAG-compliant components, improving consistency and development efficiency across digital experiences.

Education

- Parsons School of Design – M.S. in Strategic Design & Management

2024 – 2026

Minor in Impact Entrepreneurship | Dean's Scholars
- Drexel University – B.S. in UX & Interaction Design

2017 – 2021

Honors Graduate | Westphal Scholarship

Community

- AIGA NY – Mentor

Feb 2026 – Present

Mentoring emerging designers on UX craft, portfolio strategy, and career navigation through AIGA NY's selective Applied Mentorship Program.
- Figma – Campus Leader

Jun 2025 – May 2026

Built and led a 500+ member student design community through workshops, events, educational content, and peer mentorship initiatives.
- Prabh Ki Seva – Founder

Sep 2020 – Present

Scaled a nonprofit serving 200+ meals monthly, coordinating 40+ volunteers and community partners across Pennsylvania.

Recognition

- Judge at HackAI 2026

Mar 2026

Judged the Best Use of Figma/Best UX track at UT Dallas' MLH hackathon.
- FigBuild 2025 School Winner

Apr 2025

Won at Figma's inaugural design competition amongst 1500+ students from top design schools nationwide.
- IDEO U: AI × Design Thinking Certificate

Jan 2025

Integrating AI into human-centered design and rapid concepting.
